

Fabric Art ROCKS! Newsletter

FIRST EDITION

OCTOBER 2011

Welcome to the first edition of my newsletter.

ARTISAN, CRAFT AND FARMERS MARKETS

It was a great spring and summer! I thoroughly enjoyed meeting both my customers and the other vendors. Thank you to the many vendors who shared with me the knowledge they have gained over the years and the kind welcome I received as a "newbie". Also a great big thank you to the many customers and admirers who encouraged me. I especially enjoyed completing commissioned pieces with specific idea's in mind.

WORKSHOPS IN THE SHUSWAP

I held 2 separate workshops over the summer. The first one was held in an amazing venue in the Silver Creek area of Salmon Arm. With the offer by Sienie Bykerk of an old calf barn on acreage filled with beautiful gardens and a few chickens and a rooster we had an amazing day of creating! The talent was apparent and the results were awesome!

The second was in Celista at the North Shuswap Hall.

Once again a great venue with lots of light and lunch by the lake! Lots of talent in this group as well!

Check out more pictures on the website!

UPCOMING WORKSHOPS!

Beginners sitting figure: male or female

Date: November 19, 2011

Time: 930 - 4pm

Price: \$100 (\$50 deposit)

Where: Chilliwack, Venue to yet to be confirmed

RELAX, de-stress, using art as a medium learn to be more present in your day. Learn to be less judgmental; you may surprise yourself! You don't need to be an artist or a creative person to join in! Just be ready to have fun.

LEARN the basics of working with Paverpol! Experience how easy it is to create unique sculptures and objects with a simple t-shirt or other natural materials.

AT THE END of the one-day class you'll go home with a piece of art that will amaze yourself and family and friends.

ALL YOU NEED TO BRING is a light colored t-shirt with no print and a lunch. Coffee, tea and cool drinks and snack provided.

To sign up go to the fabricartrocks.ca and click on contact me

Or email me at fabricartrock@gmail.com

If you have a group of at least 6 people my workshop travels easy, all I need is water source, good lighting and plug ins for the blow driers.
